Q4 OPERATIONAL STRATEGY

AGENDA

1. Lead & Customer Nurture
2. Sales-Focused Clinical Content
3. Luminary Activation
4. Event Reporting
5. Marketing Standardization

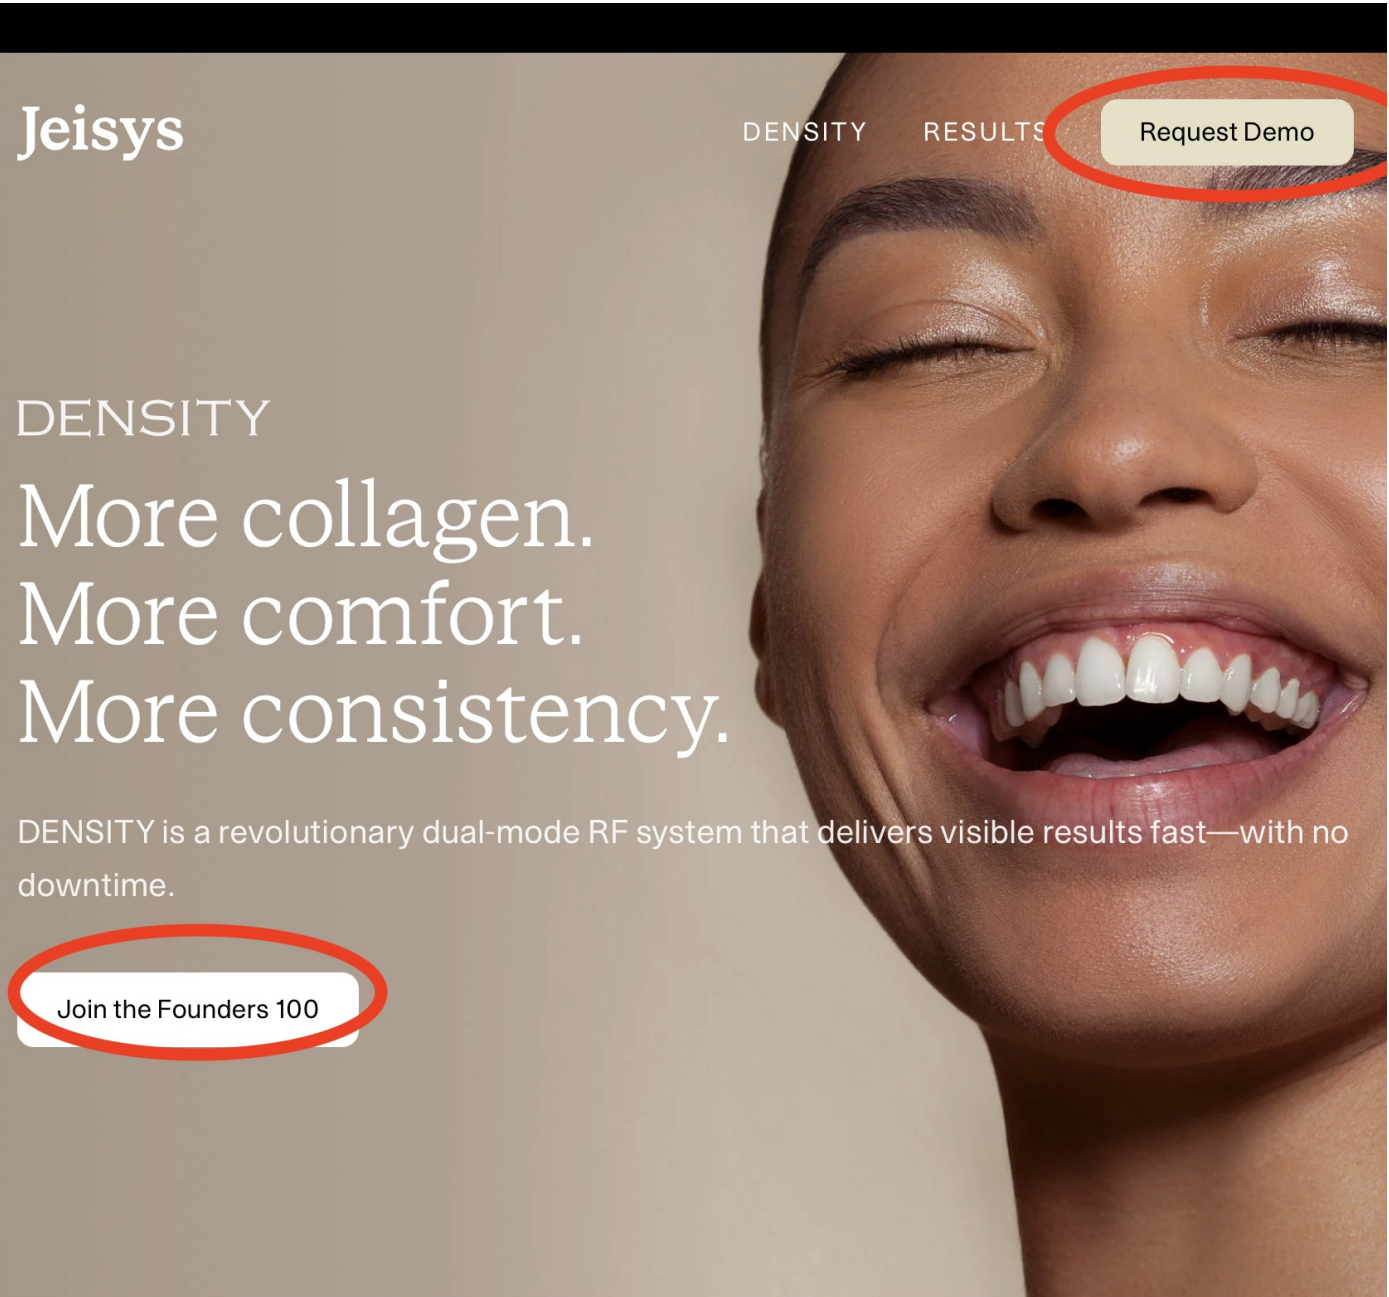

PLAN 1: LEAD AND CUSTOMER NURTURE

Core Issues

- Lead fatigue with general interest forms for each marketing resource
- Rep burnout likely by chasing cold, unqualified leads
- Fragmented storytelling across social, website, and email

Solution

- Bi-weekly **Prospect Email Newsletter**
- Bi-weekly **Endymed Customer Newsletter**
- **Content to include:** clinical spotlights, ROI testimonials, invitations to webinars, consumable promotions
- Standardize all form CTAs to **“Schedule a Demo”**

The image is a website banner for Jeisys. It features a close-up photograph of a woman's face, smiling broadly with her eyes closed, showing her teeth. The background is a solid light beige color. In the top left corner, the 'Jeisys' logo is displayed in a white, sans-serif font. To the right of the logo, the words 'DENSITY' and 'RESULTS' are written in a smaller, white, sans-serif font. Further to the right, there is a yellow button with the text 'Request Demo' in black. In the bottom left corner, there is a white button with the text 'Join the Founders 100' in black. Two red circles are drawn around the 'Request Demo' button and the 'Join the Founders 100' button. The overall layout is clean and modern, with a focus on the woman's smile and the product benefits.

PLAN 2: SALES-FOCUSED CLINICAL CONTENT

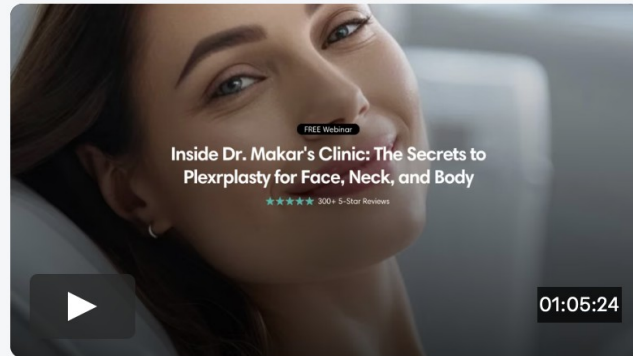

Core Issues

- Webinar content is far too general and not tied directly to sales
- Reliance on high-cost luminaries, paying for GoToWebinar platform when we don't host our own webinars

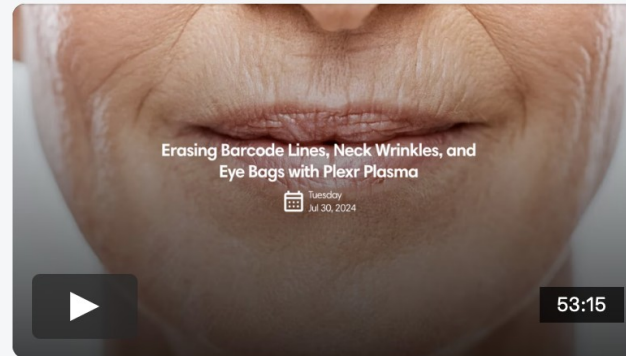

Solution

- Build **on-demand webinar library**, no entry form necessary
 - **Include "Schedule a Demo"** language for link for prospects
 - **"Request Training"** form for existing customers if we want to allow them to convert to paid trainings
- Clinically focused content, tie results and indications to ROI:
 - Cellulite Treatments with PRO MAX and Contour HP
 - Acne Scars with FSR and Intensif
 - Why Diode LHR is Better
- Use existing client speakers, include them for 30 minutes, compensate with consumables to save on luminary costs

PLAN 3: LUMINARY ACTIVATION

Core Issues

- Lack of simple, social-friendly testimonials from luminaries and B&A visuals

Solution

- Monthly **Luminary Pack**: one testimonial, one B&A, one tip-of-the-month
- Cross-use on social, email, and events
- Keep quotes under 60 words: *“Upgraded to PRO MAX—15 min sessions, no numbing, now anchors our monthly package revenue.”* — [Client, redacted]
